DISTRICT 13 CHAMPIONS

ON TO OXFORD! (Where the State Championship will be played the weekend of August 8th.)

The Wilmington Little League Tournament Team, shown after they had received their pins, as the champions of District 13, in the Weafer Park in Woburn.

L to R Front: Danny Burns, Jim Sughrue, John Fairweather, Bob Sferazza, Richie Russo, Mike Whelan and Lester Peabody.

Middle row: Tony Gravelese, Bobby Aprile, Tommy Tower, Danny Hurley.

Rear Row: Kevin Nolan, Charlie Sullivan, Bob Dorval, Coach Larry Noel, Manager Larry Foster, and George Beradi of Woburn, District 13 Director and State Representative, who awarded the pins.

NICHOLS ST. SIDEWALKS HAVE HOT SESSION

Chairman Bruce MacDonald had to use the butt of his palm as a gavel, several times, during the Selectmen's meeting, to maintain order. The Selectmen have no gavel. The wonder is, with the vigor that he displayed, that he did not suffer temporary injury.

The most controversial item of several was Sidewalks on Nichols Street.

Sixteen residents of that street were present for the discussion, in the last part of the meeting, some of them knowledgeable, and some who had seemingly little knowledge of the governmental process leading to the construction of sidewalks.

Three of them, Bill Berry, Joseph Paglia and Nicholas DeFelice Jr., did most of the talking, in the group, but they were interrupted more than once by other persons, who had contrary views.

Rep. Fred F. Cain came into the Selectmen's meeting after the Nichols Street residents had entered. While he and his Republican opponent for his seat, Selectman Miceli, did not directly exchange words at any time there was an indirect conversation, in that Mr. Cain's words were to the effect that there was money available to build sidewalks, and he wanted the people to know that this could be done without cost to themselves, while Mr. Miceli, several times, said that "we are trying to serve the people."

A controversial letter to Mr. Cain was one of the highlights, even though it was not discussed at length.

According to the Selectmen's conversation, it had been written in April, and one copy sent to Mr. Cain and one to Senator Ronald MacKenzie. It was seeking information about the sidewalks on Nichols Street.

Cain told the Selectmen that he had never received the letter, that he did not know anything about it, and that if he had received the letter he would have answered it.

A reply had been received from Senator MacKenzie. The date of the reply was not stated.

MacKenzie's letter to the Selectmen which was read aloud, said nothing about the County funds available. It was in effect a statement about state funds, quoting Mr. Mistrretta, who is the State Engineer in charge of the Arlington office of the state Department of Public Works.

Mr. Mistrretta had told Senator MacKenzie that there was only \$9000 available for Nichols Street. Although it was not spelled out as such, there was an inference that this referred to "Chapter 90" funds. Nichols St. is not a Chapter 90 street.

Cain, on his part, said that he was only trying to see that the money which was available was put to the

best uses. He told the Selectmen that the decision was up to the residents of Nichols Street, and that they were entitled to all the information.

There was, he said, over \$60,000 available to be used on sidewalks, at no cost to the residents of that street, and this was a good time to have the sidewalks done without any cost to the residents. If the money available was not used, Cain said, it would revert to the State Treasury on January 1, if it had not been allocated before that time.

Mr. DeFelice, who should not be confused with his better known father with the same name, charged that the people on one end of Nichols Street (i.e. the Shawsheen Avenue end) had sidewalks, and they didn't care what happened to his end of the street.

His children, he said, would have to walk that street in the winter time, with school buses and other traffic using the street. He felt that if there was money available the sidewalks should be built.

DeFelice was frequently interrupted. One time a lady said that many of the residents were unaware of that meeting (meaning, it could be inferred, the meeting in the DeFelice home). A man who interrupted said that "We called Mr. Miceli at 7 pm."

DeFelice said that the "proposition" that had been put to them at the Selectmen's discussion in April was as a "whole package or none". He added "I don't see why, for instance, we couldn't have but just one sidewalk."

DeFelice charged that "it is fine -

New Bridge Hearing next Wednesday

The State Department of Public Works will conduct a hearing next Wednesday, in the Memorial Library on the new bridge, proposed by Rep. Fred F. Cain, over the railroad, to replace the present Shawsheen Ave. Bridge. The hearing is to start at 8 pm., and will consider the bridge and that part of Route 129 which is now part of Shawsheen Avenue.

The bridge is proposed to go from the Eames Farm to Richmond Street, and will mean that a part of Brand Avenue will be cut off from the rest of that street.

WHAT HAPPENED TO THE COMMON FLAG?

Questions about the flag that flies on the Common were asked, in the Selectmen's meeting, Monday night.

The flag is not flying at the present time because it is under repair.

The lady who is repairing it is Mrs. Francis Downs of Ayotte Street. It is, for her, a volunteer task - unpaid.

She's blonde 22, and studies Dentistry

Mr and Mrs William Willworth of Grant Street have a guest for the summer, and it is hard to tell who is happier, the Willworths, or the guest.

Her name is Agneta Edstrand, and she is a native of Gothenborg, in Sweden, where she is a five year student of dentistry. She is 22 years old, speaks English well, and is a nice shapely blonde.

Agneta is part of a group of 160 young people from Scandinavia who are in this country for six weeks, as part of SIS service. They flew to the United States on a chartered plane and will return on the same plane.

She arrived in the United States, and since her arrival in Wilmington has had occasion to visit some of her friends, in other places.

Agneta is positive that she is having the best time, of the entire 160 young people. The Willworth's, she says, are "wonderful".

Mr. Willworth, who is an employee of the State DPW is equally convinced that it is "wonderful".

"We are going to have another guest from Scandinavia, next year" he says. And Mrs. Willworth agrees.

Football Contest to be Saturday

The third Annual American Legion Punt, Kick, Pass & Run Contest will be held on Saturday morning at the High School Field. The affair is listed for 10 a.m. for all boys ages 10 through 13.

Competition is for residents of Wilmington only. All boys registered for Pop Warner Football this year are also welcome to compete. Trophies will be presented to the winners in the various age brackets.

Any boy who did not receive a registration form to play Pop Warner Football this season can fill out the form found in this paper and bring it to the High School Field on Saturday morning, August 1.

Brave Little Flowers: This chickory plant is growing, and blooming beside the sidewalk, near the U.S. Postoffice on Church Street, and it is to be doubted if many have stopped to admire it.

Dozens of bright blue flowers greet the morning sunrise. By noon they are gone, and next day more flowers are there to greet the morning sun.

The roots of the chickory plant were used for medicinal purposes, and later as a coffee substitute, especially during the Civil War.

TOWN OF WILMINGTON NOTICE TO DOG OWNERS AND KEEPERS

In effect the youngsters are receiving a "pre-school" training, to prepare them for their first experiences in the First Grade.

PAULA CONE ENGAGED TO EDWARD C. BAKER

Mr. and Mrs. Ernest L. Cone of Two Oakwood Road in Wilmington have announced the engagement of their daughter, Paula Lynn, to Edward C. Baker, the son of Mr. and Mrs. Raymond J. Baker of Mystic Avenue.

The wedding will take place on August 8 at St. Dorothy's Church with Jeanne Laquidara and John Baker as honor attendants. Marcella Chiulli and Ann Roberti will be the bridesmaids.

Both Miss Cone and Mr Baker are 1968 graduates of Wilmington High School. Miss Cone will enter her junior year at Malden Hospital School of Nursing in late August and Mr. Baker is presently employed by Smithcraft.

Arthur L. Zaino, of 20 Linda Road, was recently presented a check for a prize winning essay on electrical engineering seminars for high school students; by Peter Orlando, (right), secretary of the Eta Kappa Nu electrical engineering honor fraternity of Northeastern University. Northeastern sponsored the contest, and Mr. Zaino is a part-time night student at the university.

THEATER PARTY FOR MIDDLESEX BANK

At the North Shore Music Center on July 22, the Middlesex Bank held it's Tenth Annual Theater Party by attending the Man of LaMancha.

President Joseph Healey thanked the employees for their interest and told them how much they had contributed to the bank's outstanding growth.

It is now the seventh largest commercial bank in Massachusetts.

Selectmen's Meeting

(From Front Page)

if you live within twenty feet of the bridge. There had been, he said, "a lot of misinformation!"

Several of the residents of Nichols Street were of the opinion that the discussion held with the Selectmen in April was a "hearing". To add to their confusion, some of them professed to believe that an editorial which had appeared in the Town Crier, on the Town Manager and the residents meeting privately to talk things over, constituted some sort of official announcement.

Mr. Miceli told them several times that this was not so, and at one occasion he said that he was not happy about the editorial.

Selectman James Banda suggested that if the people wanted an official hearing they could write a petition, and then there could be a public hearing, with their "yes and no" votes.

Bill Berry, a long time resident of the area, was not be described as happy, at least when he first spoke.

He said that the subject had been "hashed and re-hashed", and that they had already voted once.

Later he said that there had been a 17 to 4 vote against a "60 foot widening". He went on to say that if "they" minimized the width he did not think the people would object. "We want to hurt the least amount of people".

Another person who spoke several times was Joseph Paglia. He reminded his listeners that it was the "local paper" that had said that the people "should have a chance to have sidewalks".

Paglia felt that one part of the street was "being discriminated against". "In about two years, we will have this come up again, and for Betterments, and then we will have to pay!"

Still later Paglia said that a "statement had been made that if we took that money the sidewalks would go only as far as 114 Nichols Street, and then the rest would have to pay!" He did not identify the maker of that statement.

Because the Town Manager is on military leave, and because the Selectmen felt that there would be inconvenience to others, on and off

Middlesex County Engineers, Monday morning, at the request of Rep. Fred F. Cain, laid out a few markers on Nichols Street, to show where sidewalks would be, if they are to be built.

The Town Crier, later, took pictures of these two front yard areas, which seemed to be the spots where the proposed sidewalks would do the most damage to home areas. Above is the Jencyk home, at 118 Nichols Street. If a sidewalk were to be built here, the curbstone would be at approximately the black line, caused by the shadow of the overhead telephone wire, and the inside of the sidewalk line would be at the stake, further right.

Across the street from the Jencyk home, the inside of the sidewalk would be within two feet of the front doorstep, and the curbstone would be at approximately the surfaced area of the street as it is today.

The Town Crier believes that, with the money available, only one sidewalk could be built.

Nichols Street, who might be on vacation, it was decided to have a public hearing (on Banda's suggestion) after Labor Day. The Chairman finished the discussion by saying it would be about "the middle of September".

Lake Street Bridge

A group of ladies were the first to talk with the Selectmen, Monday evening. They wanted sidewalks to the new Shawsheen School from the Lake Street region. They also wanted police guards at the Lake Street bridge, and to have trucking banned on Lake Street and Grove Avenue.

A petition was presented to the Selectmen bearing over 200 signatures. It was noted that over 120 of the signatures were of Tewksbury residents.

After one of the ladies had spoken several times about children four and six years old, out on the street, Mrs. Drew raised her hand.

I would like to say, she said, and you will probably think I am just an old lady for saying it, that I cannot understand why anyone would allow children four and six years old, to go out on the street without supervision.

I cannot see anyone allowing these

Send your announcements to Nancy, Box 208, Wilmington or call 657-7141, and after five, 658-4865. If I'm not there, I'll call you.

Eyah...and here this Gal is...She made it through another week...heat and all...and what's that anyway...a week...Man, it gets so that they are shorter and shorter the more decrepit this Chick gets...So, now let's get with it....

A Elwell wants to hear some good news about the kids and she says that Elyse Woller, the daughter of Mr and Mrs Elmer Woller of 29 Main Street received an award for her efforts and study with Grade 5 children at St Anne's Church in Reading. Elyse is a sophomore at North Shore Community College in Beverly...And that's a good word...Congratulations Elyse, and thanks for the card there, Elwell.

Thomas Jr was born to the Thomas Maddens - Marilyn - of 16 Church Street on July 19, and that is number one baby for them at the New England Memorial...Proud grandmothers are Mrs Mildred Gougen and Mrs Eleanor Madden...Congratulations folks.

Hey there, you that dropped into the Red Plush Pad a couple of weeks ago and didn't find this Chick, so left before the coffee hour started. Don't ya know that it's always coffee-time there? If the door is ajar, the light blazing, and junk in it's usual shambles on the desk...and the Little Red Wagon is parked on the street or in the Depot Parking Lot...it's a sure sign that this Gal isn't far away...she's like getting the coffee...or doing her daily dozen walking to the P.O. collecting those bills that come every morning...or gabbing with some character on the street corner...Anyhoo, if those signs are there...please do stop in for that coffee...this Chick was absolutely disappointed that she missed that connection and didn't make it for coffee and...Is she forgiven

Ruth Ridley called and she is mighty happy with those lads of hers

Too bad the Smiths are paying all that money in heating bills.

They could be saving 70% of it away for next summer's vacation.

How come? Gas gives you a better deal.

It's a shame the Smiths have to choose between a warm house and a cool vacation. Somebody should have told them that in their area electric heat costs two and a half times as much as gas. Don't wait for somebody to tell you. Check into gas heat. (Then call your travel agent.)

LOWELL GAS

and this Gal is with her...Chuck called from Taiwan on July 2 for his birthday and said he's getting the TC regularly and made many kind comments about this Gal's Gab...Thanks, Chuck we love you too...and Brother Steve is with the Army in North DaNang Good luck, Fellas, and come home safe and sound...We'll be looking to see you...

And, Doll, it was good to see you on Saturday morning...Will take 30 minutes anytime...It's been a long hot two weeks...nest pa's (Think that's the right phrase for that...ha)

Harleen Putnam called and about seven mothers are really interested in this Playskool deal and will be meeting at her home on Aldrich Rd on Monday...Harleen now has a volunteer secretary, and they now need a typewriter, so if you have one to spare, please call this Chick at 657-7141, and give the message to her or that other Swinging Grandma Pearlise Babes, and we'll arrange for the pickup...Thanks...This deal is a volunteer thing, ya know...so these gals are giving blood, so how about you giving a typewriter...O.k.!

Release from the Red Cross appeals for the families of the captives in Vietnam...for whom there comes nothing but silence, so they don't know whether their men are alive or dead...Change this by writing to the President of North Vietnam: Office of the President, Democratic Republic of Vietnam, Hanoi, North Vietnam...and for a quarter...it may save a life...Ask him to release names of prisoners, allow them to write to their families, and let the Red Cross inspect the prisons to insure proper medical treatment and living conditions...Remind him he is bound by the 1949 Geneva Convention which his country signed and by the Istanbul resolution...Viet leaders do care about American public opinion and if they think they can gain something by bowing to it, they will...So you want to do something...get those pens out and let's go...Got it...Now!

That petition by Mrs Cooke for kindergarten program in 1971 is posted on the Bulletin Board in the

Meanwhile, back at the Hut...things are really swining...No 6 Son returned calm and gay from his first camping experience...two toy collie pups have been added to the collection for a couple of weeks, thanks to the volunteer program of No. 3 Son...No 2 daughter is doing just great...even drove the car yesterday...This Gal's sister and husband arrived from Gr. Rapids Michigan with one tall blonde daughter and three red headed sons and is staying with the Brother in Sudbury...Thot for a while, Barney was going to have a tent filled with small boys under his window...but saved him from that fate...S bad enough he has to put up with the Clan, nevermind more relatives...Great neighbors, those Two...All he does is call and say, will you guys turn down the HiFi so I can hear it!...

From Germany No 2 Son announces he is fed up with inspections...Every week somebody from America comes and it takes them 24 hours to get ready...Last week, he said the CO glared at his sideburns...and he ignored him, and nothing was said...That's interesting...sideburns...That kid has real curly hair...and this gal means curly...so we really would like to gaze at those additions

Don't forget next week, this Gal will be enjoying the sea breezes at Ogunquit...with ice cubes...whatta you bet...that's when that cold front will move in from Canada and it will be forty, but we've been so...darned hot...for so...long...that we'll even wear our snuggles, if it'll cool off...By the time we got home yesterday, we felt just like we were in a Skindiving suit...Don't know about the rest of you Chicks...Cool it...and we'll see ya on the 13th...

Love ya!

Have you ever been carsick? If so, you are familiar with an ailment that is as harmless as it is debilitating.

One can be carsick having only ridden a short distance, although long distances are the hardest test for motion sickness.

Seasickness has the same sort of effect, although possibly more violent. In fact, although seasickness is seldom fatal in itself, it contributes to many deaths simply because it renders the sufferer so helpless.

Fortunately, there are drugs available today to alleviate motion sickness, if not cure it altogether.

Before going on any trip, be sure you have an adequate supply of these—otherwise the consequences may be disastrous!

Make sure you have the proper supplies in your possession. Fill prescriptions at the SILVER LAKE PHARMACY, 52 Main St. Tel. 658-4617 for free delivery. Open 9-10 EVERY day. Whitman and Candy Cupboard Candies. Greeting Cards.

State Mutual can now give you a healthy rate reduction on disability income insurance.

We were the first to offer reduced life insurance rates to people who hadn't smoked a cigarette in at least a year. And now we're offering the same deal on new Disability Income insurance... simply because we feel non-cigarette smokers are better health insurance risks, too.

So if you haven't smoked a cigarette for at least a year — pipes and cigars are permissible — let us tell you how much you can save on new Disability Income insurance with State Mutual.

children out, without knowledge of what they are doing and where they are going!

The selectmen referred the business to Town Manager Sterling Morris, who is presently on duty with the U.S. Army in Virginia. He will have to look into it when he returns.

Old Buildings

Walter Lawler of Swain Road told the Selectmen that there are some old chicken-farm buildings in back of his home, on the property of a lady. The buildings he said, are a menace and a danger. They are wrecked, and undermined. The Building Inspector, Lawler told the Selectmen, had condemned them several years ago.

There were also two such buildings on Roosevelt Road, he told the Selectmen.

Someday, he said, a child will be hurt, and then maybe someone will get the hint! Maybe you people will do something!

Teenagers were making a clubhouse out of one of the buildings, Lawler said.

Selectman Banda told Lawler that the Building Inspector had a right to remove those buildings, if they had been condemned, and then assess the costs to the owner of the land.

Selectman Backman, assuming that there was a cases of delinquent taxes, strtd another suggestion, but then it turned out that taxes were paid right up to date.

The Chairman, after a little consultation with the acting Town Manager, told Lawler that the town already has the case.

Lawler: Had it three years ago!

Drug Committee

Lester White, of the Wilmington Drug Committee, told the Selectmen that there are plans for a "drug center" in or near Lowell, for nine towns in the area. Each of the towns, he said, would have to make a contribution of 60¢ per capita, which, in the case of Wilmington, would come to about \$12,000.

He was seeking to have a Selectman appointed to go with a member of the

One building which was demolished. It stood on a hill, in back, off Andover Street, and was ordered demolished by Ernie Romano, Health Inspector. The neighbors are all cheering.

Drug Committee to a meeting on the subject. He (White) would be the member from the Drug Committee.

The chairman, Bruce MacDonald, appointed himself to be the Selectman.

White said that there is a two-pronged approach being planned, on the drug problem. The first approach would employ ex-addicts, who could talk with young people of an anti-social temperament; and the second was the possible use of Methadone, in "withdrawals". White termed the use of Methadone as being "controversial".

The "satellite communities" he said could set up the regional center in Lowell. There must be a legal representative from each town, and five of the nine must ratify it, before it became operational.

There was an expectation that there would be refunds, from the federal government or the state government, White said, but he warned that "We must be realistic about it".

In any event, the federal government does not support such an operation until after it is started.

White said that they were having some problems in a certain park in Lowell, until a community center

was set up for the kids, on Kirk Street. The center gave the kids some thing to do - ceramics, crafts, painting, etc., and it was, White said, quite effective.

Tom O'Connors

Commander Tom O'Connors, VFW again visited the Selectmen about the subject of the town flying the U.S. flag, on town buildings and on the Common.

He reported places where the flag was not flying on July 4th and that there was "still the same old rag at the Fire Station", but since the 5th of July no flag has been flown there.

He spoke about flags having been flown all day and all night, and that it is only permissible to fly flags at night if a spotlight is trained on it.

There was no flag, he said, at the Old Age Housing, on Deming Way.

O'Connors was told that the Old Age Housing is under its own jurisdiction, and that it was understood that the flag for the Common (which is a large one) is undergoing repairs. With respect to the other flags, O'Connors was told, the departments "have been asked".

Selectman Banda told Tom that the

Davenport Davis was Middlesex Bank Manager

Davenport F. Davis, for many years the manager of the Middlesex Bank in Wilmington, died yesterday morning in the Continuing Care unit of the Winchester Hospital, after a long illness.

He was a well known Wilmington business man, and was prominent in the Rotary Club of Wilmington.

A native of Bradford, Mass., he would have been 67 years old in November. He was the son of the late Robert and Fannie (Kingsley) Davis.

In addition to his Rotary affiliations he was a member of the William Parkman Lodge, AF&AM of Winchester, and a past president of the Vermont Club of Boston.

He is survived by his wife, Kathryn R. (Perault) of 125 Bedford Street Burlington, and a daughter, Mrs. Sandra Carpenter of Weston. He is also survived by a step-daughter, Mrs. Kathryn Gurney of Arlington, and a step-son, Kevin Sullivan of Buffalo, New York, and two grandsons, and two sisters, Barbara Davis of Bradford, and Mrs. Frances Allendorf of Hanover.

Funeral services are to be held tomorrow at 2 pm at the Graham Funeral Home, 3 Arlington Road, Woburn. There will be no visiting hours, and a private committal service, at the Lynnwood Cemetery, in Haverhill.

Bredesen is Democratic Candidate for State Senator

Philip N. Bredesen of Lexington is to be the Democratic candidate for

Senator in the Seventh Middlesex District, in the November elections. He is unopposed, in the September primaries.

He lives on Blossomcrest Road in Lexington with his wife, Susan. A graduate of Harvard, he worked for the Itel Corporation, and is now president of his own successful consulting firm. If elected he plans to resign that position and devote full time to his new responsibilities.

The recent Senate redistricting of Massachusetts has changed the old Seventh Middlesex District, and it now includes wards three through seven of the City of Woburn, and the towns of Bedford, Burlington, Carlisle, Chelmsford, Lexington and Wilmington. In its new form it contains about 65,000 registered voters.

Bredesen's campaign to date has been based on the premise that there is a great potential for constructive answers at the state level to the problems which face us, but that the potential has been squandered by a non-productive legislature. He said, in this regard:

"In campaigning in this district, I have found that people have become so accustomed to an ineffective legislature that they regard it as a fact of life that many legislators are of doubtful competence.

"It doesn't have to be that way. Although at one time people commonly expected little of their legislature, it is clear that now they are becoming concerned and annoyed. If we are to succeed in improving the quality and effectiveness of state government, we will have to begin by electing constructive legislators with fresh ideas and new priorities."

Burlington Times Union, Dec. 17, 1969

Merrimack Valley Advertiser, Dec. 18, 1969

Rep. Fred Cain in Effort To Halt Large Profits by Mass. Insurance Companies

Representative Fred F. Cain, filed legislation making it mandatory for the inclusion of investment income as an integral part of the rate-making process. While agreeing that, out of Massachusetts companies should be allowed a reasonable amount of underwriting profit which is considered nationwide to be 5%. Representative Cain stated that in the survey conducted by T. Grayson Maddrea, noted C.P.A. from Richmond, Va., our Massachusetts companies in 1965 received profits of 13 million dollars, or roughly 7.3%. The representative went on to say that the critical factor involved here is that neither profits from investment income, nor profits from non-statutory coverages are officially taken into account when the rates are being set. These profits, he argued, particularly those resulting from investment income, have often been dismissed by our Massachusetts companies with the remark that they bring out a considerable portion of these profits. He called attention to "Bests Insurance Rates" and "Averages" which shows that most of the companies on a national scale pay little or no income tax. The companies are able to do this, the representative said, by showing losses or minimal profits on the overall premium income, thus making taxable profits are small. He also stated that these investment profits are mostly tax exempt or only lightly taxed due to their investments and in municipal bonds and U.S. Treasury Bonds.

Representative Cain quoted from an article which appeared in the Quincy Patriot Ledger on December 28, 1966 stating remarks made by Milton G.

McDonald, Chief Actuary of the Massachusetts Department of Insurance, who said: "I don't think you will find any other state where in the past five years insurance companies have earned profits like they have in Massachusetts." He also quoted an article which appeared in the New England Insurance Weekly, "The Standard" (October 24, 1969) which reported earnings of a large insurance company, using generally accepted accounting practices, increases in premium income, investment income and net earnings, as well as a continued decrease in the underwriting losses for the first six months of the year 1969. Representative Cain concluded his remarks by saying, "I believe that, based on all the studies and statistical information that has been presented to us by authoritative sources engaged in the field of insurance, these factors should weigh heavily in any rate-making decision."

Merrimack Valley Advertiser, July 22, 1970

Cain Proposes New Insurance Rate Process

CAIN CLAIMS:

"PASSAGE OF LEGISLATION TO CURB INSURANCE PROFITS OR REDUCE COSTS IS PRACTICALLY IMPOSSIBLE DUE TO THE MANY LEGISLATORS WHO ARE LAWYERS AND INSURANCE COMPANY EMPLOYEES" (128 LEGISLATORS IN THE 1970 SESSION)

Cain Among Solons Calling For Insurance Investigation

State Re. Fred F. Cain, Wilmington, along with 32 other members of the Mass House of Representatives, recently petitioned Mass insurance Commissioner, C. Eugene Farnam, to conduct an immediate public hearing and investigation to find out if property damage carriers doing business in the state are complying with their policies, obligations in property damage claims.

In making the announcement Cain said:

"I have received numerous complaints from many of our Massachusetts motorists with reference to their inability to be adequately compensated for property damage done to their vehicle. This situation led me to investigate and examine

over 2,000 complaints received by the Mass Dept. of Insurance in 1969."

He said that during the course of this inquiry, certain critical factors were discovered.

"The most striking aspect was that 40% of these complaints were lodged against two companies, Rockland Mutual and Associated Merchants MUTUAL. The remainder of complaints were spread out over 60 other companies doing business in Massachusetts, and it is anticipated that these figures will far surpass the 4,000 mark for 1970."

Cain said a search through the complaints lodged against Rockland Mutual for 1969 revealed a file of 18 inches in depth and the Associated Mer-

chants Mutual of 17 inches, and it is the opinion of many members of the Department of Insurance that these complaints are legitimate ones.

"I believe that this discovery adds further credence to my already stated position that the way to reduce personal injury claims is to attack the property damage area. It is my intention to seek from commissioner Farnam his opinion as to whether or not these complaints are, in fact, of a legitimate nature and, if so, what suggestions or disciplinary action should be taken against these companies.

"The time has come for immediate action to correct this injustice that is being perpetrated on our Massachusetts motorists."

Rep. Fred F. Cain Seeks Hearing On Insurance Policies

A Public Service Report
From Representative Fred F. Cain

Those Avcoettes can really play Ball!

The Avcoettes are a group of young ladies who work for Avco, and play softball as a sideline. If their work is as good as their ball playing Avco has some fine workers.

The Wilmington Police scored 21 runs, last Friday eve in a benefit game against the Avcoettes, a game which was played before several hundred spectators, but the girls scored 13. The game was in the Town Park.

Perhaps the cops hammed it up a bit, at times, and muffed a ball on occasion, for the fun of it, but the real story is that those Avco girls are a real good team, worth watching any time.

Those girls stopped line drives, and they caught pop-ups with skill. The way they threw that ball around the infield would do credit to any softball team - the infield was excellent - in fact the whole team was.

The Avcoettes came into the game with 7 wins and one loss. The fact that they lost to the Wilmington Cops is really not a blot on their escutcheon - most of their opponents play regularly in one or another of Wilmington's softball teams.

The Hospital Fund was the richer by \$121.00 as a result of the game. Could it be that this will become an annual event!

THE AVCOETTES: - Before the game. In front are Josie Costello of Malden, Wing Cullen of Reading; Chris Costa of Wilmington; Jeanie Stone of Wilmington, Bev Adam of Methuen; Ginger Allard of Dracut; Pat Murphy of Lowell, and Lee Beacheane of Lowell.

Rear Row: Maria Salamone, Woburn; Fran Harris, Tewksbury; June Wertz, North Andover; Lorraine Smith, Everett; Sue Jamieson, Billerica; Ann-Marie Boucher, Burlington; Judy Gill, Lowell; Laurie Bruno, and Eileen Burns, Everett.

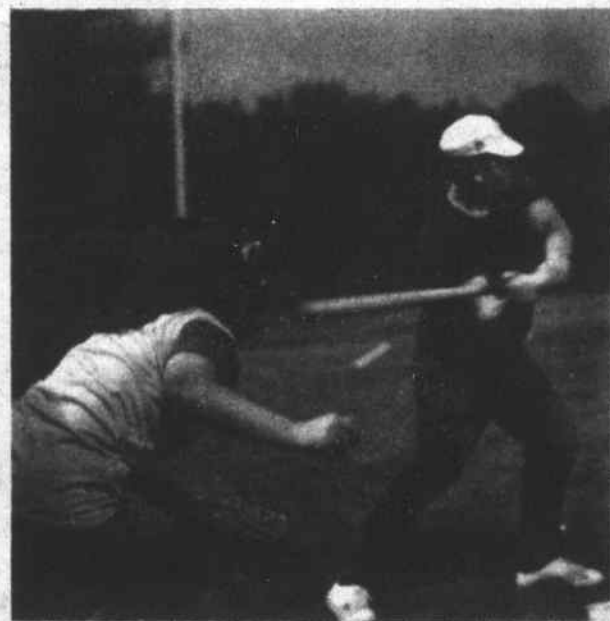

Before the game with the Wilmington Police their record was seven wins and one loss. Not shown is Sharon Castellano of Tewksbury.

Judy Gill belts the ball. This was the girls' first hit.

With hair flying, Sue Jamieson of Billerica crosses the plate. Those bean-pole legs on the catcher belong to Sgt. Charlie Ellsworth.

Wilmington Policeman Pat Leonard had a few troubles with curves (his own). The catcher is Ann-Marie Boucher. Picture taken in the fifth inning.

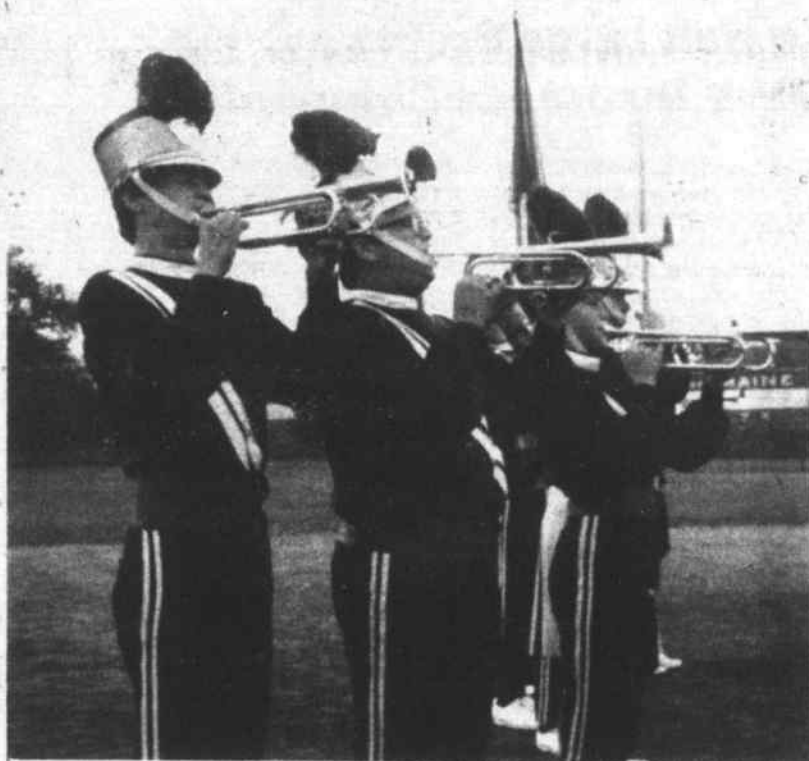

Judy Gill rounds third, on her way to the plate, on a home run in the third inning.

Cecile Marini is a cop & Traffic Supervisor and her husband was the coach of the Avcoettes. So she sat behind the cops bench. Where else?

Tympani Drummers marching. In front is Ricky Jones, followed by Bobby Schultz, Brain Mahoney and Dave Thompson.

First Soprano, or Lead Bugles. Nearest the camera is Joel Lesnik, next is Mike Hansen, and then Debby Jones. Mike is one of the two Crusaders who play solo parts, in their concerts. Friday night he placed the solo concert song "Vehicle".

Lorraine Smith rounds third, in the third inning, for the tying run, 8-8.

The Crusaders in Concert Formation, Friday night. They entertained the two hundred or more spectators with thirteen minutes of music and marching, and many cars on Main Street stopped to watch the spectacle.

NATURES WAYS By Wayne Hanley

Thistles are rough-and-ready flowers (or, as the dairyman might say, "weeds"). Their persistence is admirable. Nothing short of plowing a pasture and turning it into a cultivated field for two or three years can discourage thistle.

No wonder the Scots chose the thistle for a national flower: beautiful, but nothing to meddle with.

Thistles to me always suggests the presence of goldfinches. Late July or early August, when the thistles are in

flower, is the breeding season for the goldfinches. The goldfinch delays nesting until it can obtain thistle down to line its nest. For this reason the goldfinch was known to New England farm boys as the "thistle bird".

If one finally becomes a thistle fan, he will discover, alas, that despite its richness in thistle varieties, New England lacks glamour. For a true wealth of thistles one must visit the Middle East.

For despite the fact that the Holy Land has been ravaged by goats and been munched over by camels, it has thistles galore, in all sizes and shapes.

There are enough Biblical references to indicate that his has always been so.

Despite the confidence displayed by goldfinches, Scots and Biblical prophets in dealing with thistles, botanists have approached the lot with some hesitancy. They have found them to be a prickly bunch to assign to some comfortable niche in that great scheme of things known as plant systematics.

By today's standards there are some 17 species of plants which one would readily recognize as thistles, doing business in the Northeast and nine species have field representatives in New England.

Maine is less richly blessed, since two of the nine shun its frigid bounds. The Pine Tree state, however, offsets this slight to some degree by the tremendous success that the Canada thistle - often referred to with emotion as the "cursed thistle" - has had in flourishing in its northern climes. Indeed, the Canada thistle has been honored by several agricultural manuals with the title of most pernicious and tenacious of weeds.

While thistles have not changed their attitude toward the world by so much as one less prickly, botanists occasionally change their attitudes toward what the true scientific classification of the thistles should be.

A few decades ago the thistles were lumped together in the genus *Carduus*. Thus, since plants like *Orientalis* use their family names first and first names last, the Canada thistle was *Carduus arvensis*.

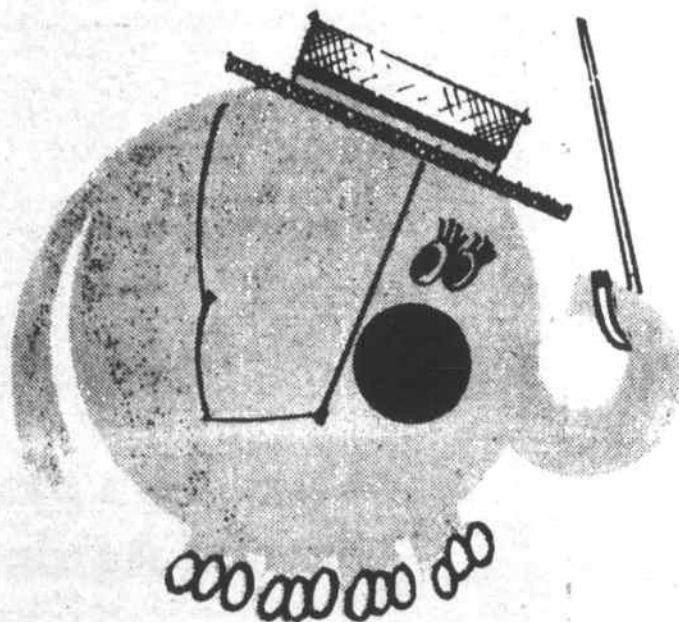

But, if one is a plant, one cannot be certain that its family name, even though it be Brown, will endure.

Someone most likely will change it to Smith. And this transposition has happened to the Canada thistle, whose modern name is *Cirsium arvense*. Actually, modern botanists have returned to a name which the botanical pioneer Johann Anton Scopoli tagged on the Canada thistle in 1772.

However, botanists have not changed their minds about one thing regarding thistles: the lot of them always appear near the end of botanical manuals, indicating that they are among the most sophisticated plants.

Dear Larz:

We need a pre-school program
Of that there is no doubt
And for this very purpose
Mrs. Cooke and I do shout.

Six years old is far too late
To start an education
Before first grade all day long
The tykes need preparation.

We can't wait 'til 73
We must begin right now.
Or a thousand children lose a chance
To reap what we sow.

My poetry is very poor;
My intent, quite sincere.
Folks, let's really go to work
And help the kids this year.

ARMY TRAINS COOKS

Like to cook? Could you prepare a meal that might require 600 eggs, 50 loaves of bread, 12 pounds of butter, 35 pounds of bacon, 15 gallons of coffee, 70 gallons of milk and 200 pounds of potatoes? The Army can teach you how.

The U.S. Army guarantees training in the preparation of meals and food handling to qualified enlistees, according to Sgt. C. D. Skipper, Lowell Army recruiter.

ing, a young man or woman enlisting for this guaranteed option is sent to one of the Army's five training centers for food handlers, at Ft. Knox, Ky.; Ft. Leonard Wood, Mo.; Ft. Dix, N.J.; Ft. Ord, Calif.; or Ft. Polk, La.

Courses at these schools are designed to instruct the potential cook in the storage and preparation of food, the use of standard Army recipes and cooking equipment, the principals of meat cutting, and sanitary measures.

For further information about this and guaranteed training in more than 350 other fields open to young men and women in today's modern Army, visit Sgt. Skipper at 50 Kearney Square in Lowell, or call him at 459-9300.

Bob Le Favour

A few weeks ago we talked about the "Green Horrors" caused by algae.

The diagnosis of the "Green Horrors" is only accurate if the water is green, and if the sides of the pool show the slimy deep green patches characteristic of this condition.

If your pool water is green, without the splotches, chances are you have the "Green Uglier" caused by copper which is reacting to the chlorine. Keeping a pH of 7.0 or above will minimize the metal pick up from pool accessories.

The treatment of the "Green Uglier" is the same as the treatment of brown water caused by oxidized iron. The use of aluminum sulphate (alum) at the rate of 2 oz. per 1000 gallons of water will precipitate the copper and settle it as a floc at the bottom of the pool. Vacuuming is then recommended.

If you think the "Green Horrors" are discouraging and the "Green Uglier" are depressing, I hope you never experience the "Black Plague" which

is caused by the presence of manganese.

I'd better sign off this week, lest I scare off most of my potential pool buyers with these problems. Most of them are minimized or eliminated with a proper pool chlorination program.

Watch next week for Filters.

SPORTS ROUNDUP

Miceli Club clinches Division I Crown

TOWN LEAGUE SOFTBALL

The Miceli Club won the Division I title Tuesday night with a 10-5 win over Bedell's. Sunday evening, Jay Tighe's nine dropped DeLoury 6-4 on Eddie Harrison's 3-run homer in the bottom of the 7th over come a 4-3 deficit. The divisional leaders extended their win streak to ten games with these recent wins.

In other games, Bemis Mobile moved into second place with a pair of wins, 7-0, triumph of Sweetheart on Tuesday with Bob McNabb and Lynn Billings leading the way with a pair of hits each, and three and two rbi's respectively. While DeLoury stopped Compugraphic 12-4 on Tuesday night to tie Newhouse for third place in the standings.

Division II leader Smithcraft trimmed the Sons of Italy 11-5 and NAPA 9-4 to highlight play in the semi-final group. Jack Callandrello led the Smithcraft attack in the win over the Sons with a three-run homer and two doubles good for a total of five rbi's. Roger Smith belted a home run in the win over NAPA with Hank Bernaganni picked up the win.

K of C out-slugged Diamond Crystal, 24-13, and Rocco's edged the Sons 11-9. In the other games played Dick Elliott hurled the win for K of C while Ken Alley was the loser. Butch Murphy paced the Knights with four hits and four rbi's while Steve Kahill was 5 for 6 and George Pratt was 4 for 4 to aid the winning cause.

Relief pitcher Dave Rumson belted a 3 run homer and stopped the

Sons on 2 hits over the last three innings, as Rocco's snapped its six game losing skein.

The standings in the semi-fast division show Smithcraft on top by one game over K of C with a make-up game between these two clubs listed for tomorrow night. If Smithcraft should win they will be the divisional champions and will entertain Diamond Crystal on Sunday night at 8:15 pm as the best 2 out of 3 semi-finals of the Division II playoffs get underway. The other pairing will match K of C and NAPA.

Should the K of C defeat Smithcraft in the post poned game of July 16th, a resulting tie for first place will change the playoff pairings. Smithcraft will play NAPA at 6:30 and K of C vs Diamond Crystal at 8:15, on Sunday night.

Wildcats drop Playoff Opener

PONY LEAGUE

The Wildcats traveled to Stoneham last Saturday to play a western divisional semi-final playoff game against the Ravens. Coach Everett's boys fell behind 3-0 in the bottom of the first inning and were forced to play catchup ball. A walk to Harrison and base hits by Turner and Simmons produced two runs in the top of the third, to close the gap to 3-2. But the Stoneham pitcher closed the door and the Wilmington Club managed but two more singled in the remaining four innings.

Meanwhile, starting pitcher Tom Southmayd and his relief hurler, Tom McGinley had their problems giving

up six runs, two in each of the 3rd 4th, and 5th innings, as the Ravens won going away 9-2.

Crusaders place Second Again

For the second week in a row, the Wilmington Youth Crusaders have placed second, in a Class A Division of the Mayflower Circuit Drum & Bugle Corps.

In a contest in Nashua, N.H., sponsored by the Surburbanettes, they placed second, trailing the famous Norwood Debonnairs by only three points. The Crusaders beat the third place finishers, the Golden Rays of Stoughton by a full seven points.

After the contest one of the Marching and Maneuvering judges commented that "This corps is really coming along fast, for their first year in Class A. I hope I can see them in the finals - to see how they make out!"

The Swordsmen, junior corps, also performed successfully, last Friday, in Franklin. The corps placed in fourth position.

The Swordsmen are the youngest group competing in Class C.

In Franklin they placed first in General Effect Bugles, and General Effect Marching and Maneuvering.

Coming Week

Tomorrow the Crusaders will be competing at Legion Field, in Weymouth, starting at 6:30 pm.

Saturday the Swordsmen are to do an exhibition at Canobie Lake, N.H., after which they will have a day of fun in the park.

Sunday is to be the Crusader's day at Canobie Lake.

All-Stars in Little League Win District Championship

Kevin Nolan tossed a five-hit shutout and slammed a two-run homer to spark the All Stars to a 4-0 triumph over Arlington West in the District 13 Championship Game last Saturday at Weafer Park in Woburn.

Nolan, in picking up his second tournament win, and the fourth in succession for Wilmington, allowed just five singles, while striking out four Arlington batters.

The All Stars slammed out nine hits against two enemy hurlers including Nolan's two-run homer in the fifth. Second Basemen Dan Hurley rapped out a pair of hit with an rbi on a bases-loaded walk in the second inning to highlight the attack.

Paced by the hitting of Dan Hurley and Tony Gravelese, the Wilmington Little League All Stars dropped the District 14 Billerica National All Stars, 16-6, in the Bi-District game played on Monday night at Woburn. This win marked the first time that a Wilmington Club was ever won five straight playoff games in the Little League Competition. By virtue of the triumph, Manager Foster's boys will play Peabody this Saturday afternoon at Weafer Park in Woburn. The Massachusetts Eastern sector crown will be at stake in the con-

test. Game time is listed at 4 pm. Wilmington pounded out eleven hits against four Billerica pitchers, and also took advantage of five errors and ten wild pitches by the losers, en route to their fifth tourney win. The hot-hitting Hurley, slammed out three hits and drove in five runs, while Gravelese belted a bases-loaded double in the sixth, and two singles for a total of four rbi's. Jimmy Sughrue also continued his consistent batting with a pair hits, while scoring three runs in the rout. Lead-off batter, Richie Russo, reached base four times, scoring each time to fulfill his job effectively. Russo also turned in an excellent fielding play at third base in the fourth inning scooping up a ground ball on the off-beat hop and throwing the runner out. Gravelese speared a line drive in the shortstop hole in the third frame, with the score 5-3 at the time, and a runner on to halt a Billerica threat. Big side-arming Charlie Sullivan, the other half of the iron man duo, hurled the distance for his third tourney win. Sullivan allowed seven

hits and fanned seven. His teammates did not give him a very good fielding support, making seven errors as four of the six Billerica runs were unearned.

When Two Iron Men Meet: - Charlie Sullivan, one of Wilmington's two 'iron men' pitchers in the Little League Tournament Team waits by the plate to greet the other one, Kevin Nolan, who had hit a homer in the fifth inning, against Arlington West. Sullivan was on second when Nolan made the over-the-fence hit.

Jimmy Sughrue, in the Arlington game, leads the bases with a single, in the third inning.

Hurley, in the fourth inning of the game against Billerica, hit a one bagger, with the bases loaded.

Tony Gravelese, in the 6th inning of the Billerica game, hit a two-bagger with the bases loaded.

SELECTMEN'S MEETING (From Page 8)

acting Town Manager would try to get the situation remedied, and if there was no action forthcoming, the various heads of the departments would be asked to attend the next Selectmen's meeting on August 10, and explain what the trouble was.

Beer Cans

Steve Milo of Ferguson Road spoke to the Selectmen about the problem of beer cans and beer bottles being everywhere.

The liquor business is prosperous, he said. Why cannot these people have a charge deposit, and maybe people will return bottles, etc. to them?

The streets, Milo thought, looked terrible. Even as he was coming to the Town Hall, he noticed a bottle by the curbstone on Middlesex Avenue.

And, it was his opinion, that even if there was something to get the people of Wilmington to clean up the situation, the people of Tewksbury would then come down and strew bottles and cans around.

Bruce MacDonald said that he understood that some of the steel companies were working on a plan for the salvage of materials in beer cans.

West Street Water Problem

A man named Bob Clark, who has spoken on a previous occasion to the Selectmen and Town Manager, was present to air his troubles, which came, it seemed from water problems on West Street.

Mr. Clark said he had come down from New Hampshire, and in 1968 had contracted for a building on West Street. The land, he said, was "high and dry" but as he went on it was apparent there was trouble about the seltic tank.

Clark told the Selectmen that he had spoken to th Town Manager about having a drain put in, and that the Town Manager hd agreed, only, on that same night, at 8 pm., to totally disavow any such statement.

Clark said he had spent \$1200 for fill. He wanted some drastic action taken about swamps. He spoke at one time of a ditch being made, over to Kilmarnock Road.

According to Clark, the Health Inspector, Ernie Romano, had promised that something would be done, so that the builder would fix up the trouble before he ever got another permit.

Selectman Banda told Clark that this had been discussed, in a public hearing, in the Town Hall, in a "Hatch Act" hearing, and that Clark had "raised holy hell" "We tried to resolve the problem, but the fellow across the street was afraid that he would get water in his yard."

The meeting became excited, and soon Banda was saying that Clark had called the Town Manager a "G-- D-- Liar".

The chairman cut off the conversation, saying that "we will meet on August 10th", and Clark subsided, saying that he had not "foul-mouthed".

Other Business

Messrs DeLoury and Morey, who have a gravel pit in operation on upper Andover Street, approached the selectmen for an extension of one month on their permit, saying that they had not quite finished.

After making certain that there was proper bonding, the extension was granted.

'Good Old Days' at Burlington Mall

The "Good Old Days" are to be recreated, August 3 - 21, in an exciting celebration at the Burlington Mall.

Copper carriage lanterns, old fashioned gardens, room displays, antique autos, posters, penny arcades, and ash can art will transform the Mall into a turn of the century setting for the birthday party, which will provide fun for all ages, 9:30 to 9:30 daily.

Children and oldsters alike will chuckle over the antics of Laurel and Hardy, Charlie Chaplain, and Golden Age of Comedy films, which will be shown daily on the Mall at 11 am, and 2 and 4 pm. Males can test their strength and try for free cigars on the Hi-Striker in the Penny Arcade, golden agers can stroll by the gazebo, or through an old-fashioned garden setting created by Mahoney's Rocky Ledge nurseries. Art from the "Ash Can" period will bring back fond memories or visits to grandma's parlor; and player piano music will add to the nostalgia.

Store windows are to be decorated in keeping with the "Good Old Days" theme, to make even window shopping an experience for all.

The best of the Barber Shop singers and Sweet Adeline groups will entertain nightly; and whittlers and wood carvers will demonstrate their talents to hhe passers-by.

Veteran moror car drivers will proudly display their "infernal machines, and square dancers will whirl to country music. Jess Cain will light the candles on the Mall's Birthday Cake Tuesday evening, August 4th, assisted by Miss Massachusetts and Miss Burlington, and the gay dixie-land music of the Basin Street Boys.

All are invited to attend the "Good Old Days" and register for a free 15 day tour for two to Hawaii, via American Airlines, or 200 second prizes, pairs of tickets for the North Shore Music Theatre.

The amazing aerosols have brought about a quiet revolution in housekeeping. Spray-paint products -- pigmented, metallic, clear -- have made experts out of the most amateurs of painters. There are even spray paints for antiquing... Spray adhesives and and lubricants are finding their way to the home workshop, as is the spray charcoal lighter to the outside barbecue.

Foods from an aerosol can? They've just begun.

It's certainly true that an aerosol product is the easiest and most convenient thing to use!
